

I am satellite radio subscriber. Thew reason I subscribe to satellite radio service is because I spend a great deal of time on the road for business. I also subscribe because satellite radio provides listening choices found nowhere else. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what my sattelite radio provider offers. Iurge the FCC to reject the NAB's petition 04-160.  
sincerely,

charles petterson
